

# Howard Astronomical League

---

## Who are we?

A non-profit group of amateur astronomers dedicated to enjoying and sharing the wonders of the infinite universe.

## What we offer:

- **Monthly meetings** in **Columbia, MD, in the Howard County Dept. of Recreation and Parks** building near Snowden River Parkway, and featuring astronomy, astronomy, and more astronomy. Usually a featured speaker, often Astronomy School before the meeting.
- **Monthly star parties** at **Alpha Ridge Park in Marriottsville, MD** – join us for a look at the wonders of the night sky through a variety of telescopes.
- **Discussion Groups** through **Yahoo Groups Email** – we talk about what we've seen, help each other with advice and recommendations, and report on the best time to view celestial events such as Mars or the International Space Station passing overhead.

**Not a HAL member?** No problem. You do not need to be a member to join us for our meetings, public star parties, or the discussion group; all are free of charge and open to the public.
