Jerry:

I have spoken with Mr. Ken Webster in our Operations Division about the areas we discussed during our meeting. The Howard Astronomical League has permission to use Alpha Ridge Park and Glenwood Park (Carrs Mill area) for viewing the astronomical wonders you described with such enthusiasm. You have permission to use the parks after regular hours of operation.

If you have additional questions, please feel free to contact me at (410) 313-4705.

Sincerely,

A. Brian Pugh  
Supervisor
