Light Pollution
Wasteful
Harmful
Ugly
Billions in Wasted Energy
All the light you see here is waste... energy spent to light up space!
Can’t Escape It
Lagoon Nebula

Image by Peter Friedman
Great Nebula in Orion

Watch these 4 stars!

Dark Sky
Not-So-Dark Sky
Not-So-Dark Sky
This is about as good as it gets in Howard County.
Light Polluted Sky
Light Polluted Sky
This is what the night sky looks like in most of Columbia.
See what you’re missing?
Galaxies in Leo

Image by David Illig
Light Pollution hurts the environment!
Insects Disoriented
Food Chains Disrupted
Animal Migrations Disturbed
Clavius Crater

Image by Peter Nerbun
Mars

James Willinghan
The Cause
Insufficiently Shielded Light
Light going where it’s not needed
Light shining in your eyes
Light going in
Unintended Directions
Over-illumination
Light Shining Upward
Light Trespass
Do the neighbors ever sleep?
Dangerous and Distracting
Where’s the Stop Sign?
Jupiter

There Are Solutions!
Light where you want it to go
Light shining downward
Replace streetlights with Imbedded Lighting
Light doing what you want it to do
Ring Nebula

Image by David Illig
It doesn’t have to be this way!
Full Moon
